Under "Support ID, OR and WA agriculture and forest practices non-point source control efforts" **Non-Responsive**

## Non-Responsive

I imagine Rick wants to include review of the states' NPS Management Plan Updates.

Also include working with HQ and NOAA to make OR **Non-Responsive** CZARA Program determinations

**Subject:** Setting Office Priorities for Dan for 2014

Attached is the FY2013 OWW priorities (word document) and then a 2<sup>nd</sup> document where those priorities have been transferred into a spreadsheet for us to mark-up and create a set of priorities for 2014 (be they carry-over ones or new ones). Let me know by noon Monday, if you have changes you would like me to make for FY14.  
thanks
